

As PEPC prepares for the new guidelines, we also need you to begin preparing as well. We will conduct in person worship services on the hillside beginning June 7-July 5 and continue to livestream – both at 10:00am. Tri-County Health is strongly recommending the following for those who attend worship services:

- Those who are vulnerable due to age or health are encouraged to remain home and participate virtually as are the caregivers for those who may be vulnerable.
- Those who are sick or showing any potential symptoms should remain home.
- Maintain a six-foot distance between you and those around you when finding a place to sit. People living together, please sit together.
 - Bring camp chairs, blankets, canopies for shade, breakfast, etc. We cannot serve any food or beverages.
- Pay close attention to signage as we will be directing people to come up the hill along one path (by the farmhouse) and descend the hillside via a second path (south side of the chapel). Both will be clearly marked on Sunday mornings.
- Bathrooms will be available in the Ministry Center and Farmhouse, limited to one person at a time.
- Face masks are strongly encouraged especially as you arrive and depart. Once you are seated with your family for the service, you are free to take off your mask as you participate in worship.
 - All Staff and Volunteers will be masked for safety unless leading worship and/or sitting with their families.
 - Disposable masks will be available and offered to those who need one.
- Communion will be served on June 7th using hermetically sealed elements for safety.
- Bulletins and song sheets will be digital
- Offering plates will not be passed but made available at entrances/exits.
- There will be no formal Children's Ministry, but Pam and her team will make "Busy Bags" individually prepared and available.
- We ask that fellowship both before and after the services remain limited and socially distanced.
- Transportation will be provided by PEPC to the top of the hill for those needing assistance

This new season will feel strange and perhaps a bit awkward. Some may choose to wear masks, others may not. Some may be diligent in maintaining social distancing, some may feel more relaxed. Some may choose to stay home out of concern for their personal safety, others may be itching to get out. No matter where you land, we want to extend grace and peace to one another. We want to respect the fact that everyone may be making different choices depending on their own unique circumstances. While we will encourage everyone to follow the guidelines set by Tri-County Health, we do not believe our role to be "enforcers" so we are counting on one another to follow the Biblical principle from Phil. 2 and put the needs of others before our own. The last thing any of us want is an outbreak of COVID-19 in our own church family.
